The force of support

NES Merchandising Inc., a Nintendo affiliate, represents a team of 150 trained professionals across the country who service over 7,500 stores per month throughout the United States. • In the field, they track what's happening with Nintendo branded Super NES, Game Boy, Virtual Boy and NES products by hand-held computer. • They check the status of your Nintendo products, set up merchandise, maintain your planograms and work with your people, educating them and bringing them up-to-date on new products and advertising. • Then they roll up their sleeves and back you up with the basics: keeping displays clean and working, checking and organizing hardware and software, adding no-charge point-of-sale display materials, replacing damaged packaging, restocking shelves — and more! • NES Merchandising Inc. It is the most powerful merchandising support network in the business, with the most sought after name in the video game industry.
